

emis - education management information systems

EMIS is a function and unit in the LDoE with the responsibility to develop and maintain an integrated education management information system.

The integrated information system is accomplished through acquisition, processing, dissemination and reporting of information.

- Education planning and decision-making,
- Financial allocation (including the equitable share)
- Accounting, Monitoring, Evaluation and implementation of relevant education policies; provide information for policy-making
- Tool for the Minister and the Department to provide answers to parliamentary questions
- National education information needs
